

EMPLOYEE TIME CARD SYSTEM

Shopclock (Pacific Rim Software Inc.)

TEST:

EMPLOYEE TIME CARD SYSTEM –
Shopclock (Pacific Rim Software Inc)

OBJECTIVE: Find a reliable, cost-effective employee time card system that saves Retailers time and money, accurately records time worked and makes payroll processing easier.

SCOPE:

- Test Period: March – August 2013
- Prices range from \$8.25 per month to \$13.33 per month depending on number of employees.

BENEFITS

- Hours worked are tracked completely online and saved automatically. No hard-copy time sheets or time cards necessary.
- Time sheets can be easily edited by Store Manager and are password protected; every employee has their own password.
- Required passwords help reduce time card fraud and mistakes.
- Employees can request vacation, sick time or time off without pay via the web-based system.
- Works well with QuickBooks and other back-office accounting systems for easy payroll processing.
- Optional overtime settings available.
- Designed for small businesses.
- 30-day FREE trial period.
- No contract required.

EMPLOYEE TIME CARD SYSTEM

Shopclock (Pacific Rim Software Inc.)

RESULTS

- The Store Manager saved 1-2 hours per payroll period by using this automatic payroll processing system.
- Employees saved time clocking in and out for work.
- Shopclock eliminated the possibility of payroll fraud by use of password requirement.

PRICING

# of Employees	Annual Subscription
0 - 4	\$99 (\$8.25 per month)
5 - 9	\$125 (\$10.41 per month)
10 - 19	\$160 (\$13.33 per month)
