

Protect your investment.  
Protect your customer's data.

## Savings up to 40% off MSRP on ENS Payment Terminal Stands

It's no secret, data theft happens and criminals want cardholder data from your customers. If your customer's data is sacrificed, they may shop elsewhere thus decreasing your sales and lowering your profits. You can build confidence with your customers by taking action to prevent fraudulent activity in your stores. ENS products help protect your customer's payment cardholder data, so you can protect your investment.

### ENS IS THE WORLD LEADER IN SECURING PAYMENT DEVICES

Product Pictured: 367-3046

#### MX 900 SERIES SECURITY MAGNET

Integrated into each MX900 series device and ENS stand is a magnet security device that adds a unique level of protection against tampering. When the magnet security device is engaged, unauthorized removal from the stand will put the device into a password protected mode.

#### GETTING STARTED IS EASY!

1. Log onto [www.techtower.com/portal](http://www.techtower.com/portal)
2. Enter CITGO access code: 377003
3. Register as a user
4. Start shopping!

#### ENS payment terminal stands help meet PCI Compliance standard 9.9:

Protect devices that capture payment card data via direct physical interaction with the card from tampering and substitution. This includes periodic inspections of POS device surfaces to detect tampering and training personnel to be aware of suspicious activity.

#### About ENS:

As the industry leader in payment terminal mounting solutions, Engineered Network Systems (ENS) provides innovative custom solutions that puts technology where you need it, when you need it. We design and manufacture everything from carts, cabinets, kiosks to work stations, flat-panel mounts and shelves for top companies throughout the world. At ENS, we're committed to providing superb quality, outstanding customer service and competitive pricing. With more than 80 years of combined engineering experience and tens of thousands of SKUs shipped every year, we're big enough to be an industry leader yet small enough to meet our customer's unique needs. Visit us at [www.ens-co.com](http://www.ens-co.com).
